Total solar, October 21, 1930—
Photographed with the tower telescope camera, Plate IV....Op 241
15-foot camera of Swarthmore College, Plate V .....Op. 241
(Horizontal type) of U. S. Naval Observatory, Plate VI .....Op. 248
81-inch lens of Allegheny Observatory, Plate VI .....Op. 248
Fireball of October 7, 1928, Diagram of path of 332
Frequency curves of the periods of variable stars 130
Hagen, Father, at his desk in the Vatican Observatory 11
Johann Georg, and his telescope, Plate I .....Op. 8
Jupiter, Drawing of, by Hugh G. Boutell 174
Kepler's birthplace 325
monument in Weilderstadt 324
Light curve of χ Cygni, 1842-1930 126
Mean, 1902-1905 125
Light curves of long-period variables having spectra of class Me (1922-1930). 128
classes Se and N (1922-1930) 129
Seven types of, Campbell's 134
Lightning as photographed by John W. Baechle at Carthagena, Ohio, Plate VIII ....Op. 365
Longitude determinations, Diagram illustrating Ibn Yunus' method of..... 530
Mars, Drawings of, by Hugh G. Boutell 173
Mercury, Drawing of, by F. Quenisset 431

Meteor in Mexican Codex Borgia, Descending 399
on Maya Zodiac at Acanceh, Yucatan, Taurid 400
Meteorite, Diagram of part of 609
Michelson, Albert Abraham, Plate VII .....Op. 307
Mirror, Diagram showing accuracy required in parabolizing a 382
The 69-inch Cassegrain 555
Neptune perturbed by Pluto, Revised orbit of 386
Niuafoou, Cocoanut trees molded by lava casings at 250
Steaming fissure giving off sulphurous fumes at 250
Observatory, Halley 59
H. B. Webb's, Two views of 168, 169
Mr. Iedema's, and 10-inch reflector 73
Steward, Dr. Edward Carpenter and Mr. Joseph Meek at entrance to 445
Valley View 355
Orbits of comet and earth, Diagrams relating to 579
Orion, Photograph of, by Latimer J. Wilson 171
Planets, Apparent paths of the, among the stars in 1931 .....29, 30, 31, 32, 33
Distances of (diagram) 287, 288
Plate holder attached to 10-inch reflector 74
Pluto and planet *P*, The orbits of 393
Reflector, 36-inch, of the Steward Observatory, D. B. Pickering at eyepiece of the 452
Spectra demonstrator, The McGill 559
Telescope mounting and housing, Bailey 498, 499
Small 292
Parts for mounting an amateur's 353, 354
"Tin can island," Arrival and departure of mail 249, 248
Turner, Herbert Hall, Plate II .....Op. 59
Uranus due to Planet *P*, First perturbation of 388
Second perturbation of 389
Longitude deviations of, due to Pluto 5
Perturbations of the orbit of 387
perturbed by Neptune, Revised orbit of 385
